FLIGHT TRAINING PROVIDER: AVIACION TEJEDOR, ARGENTINA

### INDIA'S MOST AFFORDABLE AND PROUDLY THE BEST CPL PROGRAM

DON'T LET HIGH TRAINING COST KILL YOUR DREAMS

#### ABOUT

Commercial Pilot is no doubt a very rewarding and prestigious career. With current boom in the Indian Aviation Market this is a great time to start your career. But for most of the students the extremely high Flight training fees turns out to be the biggest hurdle.

Root To Sky Aviation in cooperation with Aviacion Tejedor (**A government subsidised Flight School**), has introduced India's most affordable Flight Training Program, and yet providing the highest standard and a very safe training.

#### ARGENTINA

Why train in Argentina, one may ask? We say why Not. Argentina is one of the safest country and we take general safety of students very safely. We have had zero complaints or worries from our students regarding issues of theft/ security or racism training in Argentina. Due to the weak local currency, Argentina also is a very affordable country to stay with having to spend only **US\$100-120/ month** for food and living expenses in contrast to **\$300-\$400** in contrast to countries like U.S.A/ Canada or South Africa.

Also our training Partner is a Government Undertaking Institution having trained students from over 15+ Countries. Ensuring the training and safety standards.

#### WHY CHOOSE US?

- ✓ Training Matches DGCA, India Standards
- ✓ Zero to Commercial Pilot License with Multi Engine Rating in most affordable price
- ✓ Zero Accident or Incident of training aircraft till date
- ✓ Training in Controlled Airspace and Best in class Airports with all Navigation Aids
- ✓ Great Student is to Aircraft Ratio [1:6]
- ✓ Highly Qualified Instructors
- ✓ 260+ Flight Hours plus 50 hours simulator time

## COURSE STRUCTURE

An added advantage of our training Program is that the course providing a 260 Flight Hours Curriculum instead of 200 Hours in other available programs. Find below the exact breakdown of hours in Argentina.

	AIRPLANE	SIMULATOR	TOTAL
Total Flight Hours	260 Hours	50 Hours	310 Hours
Multi Engine Hours	15 Hours	15 Hours	30 Hours
Instrument Hours	30 Hours	20 Hours	50 Hours
PIC Hours	120 Hours	--	120 Hours

## DGCA INDIA REQUIREMENTS vs ARGENTINA

	INDIA	OUR PROGRAM	REQUIREMENT
Total Flight Hours	200hrs Actual Airplane	260hrs Actual Airplane	MATCHED
PIC Hours	100hrs	120hrs	MATCHED
Night PIC	05hrs	10hrs	MATCHED
Instrument	20hrAirplane+20hrs Sim	30hrAirplane+20hrSim	MATCHED

## OTHER DGCA INDIA REQUIREMENTS WE MATCH

- ✓ ICAO COUNTRY LICENSE
- ✓ 300 NM X-COUNTRY with Landing in 2 different Airports
- ✓ 10 Take-off/ Landings in Night
- ✓ 20 Hours X-Country PIC with Airport distance more than 100 NM

We have tailored in the course with utmost details to ensure the matching of requirements for converting the license to Indian DGCA.

## FREQUENTLY ASKED QUESTIONS

### 1. IS ARGENTINA BLACKLISTED BY INDIA?

-> NO, It's a very big lie and myth. As of now NO COUNTRY including Argentina is under blacklist. DGCA Does not have any such blacklist.

### 2. WILL IT BE DIFFICULT TO CONVERT THE ARGENTINA LICENSE TO DGCA?

-> NO, as mention in above pages the course matches all requirements of DGCA and Argentina is ICAO Contracting State so it shall be easily converted.

### 3. HOW IS THE COURSE SO CHEAP?

-> The School receives subsidy from the Govt. Since it's a Government partnered school. Also taxes and VAT are very low in Argentina almost negligible, also Living cost is just 60% of U.S.A.

### 4. IS ARGENTINA SAFE AS A COUNTRY?

-> ARG is a very safe and peaceful country with a very high happiness and Human Development Index. It is way more safer than many other countries and non of students or staff till date have faced any issues.

### 5. HOW MUCH SHALL BE THE LIVING EXPENSES?

-> Accommodation is included in our program. Argentina overall has low living cost, almost 50-60% lower than USA or Canada for food and other daily needs. Students may consider around INR 60,000 or so for food and groceries.

### 6. WHAT IS FLEET SIZE OF THE SCHOOL?

-> 22 AIRCRAFTS

(CESSNA 152, CESSNA 172, TECHNAM P2008, TECHNAM P2002, PIPER-PA34)

Fleet includes 05 Glass Cockpit Aircrafts
